

COMMONWEALTH OF VIRGINIA

STANDARD CONTRACT

Contract Number: VTG-3269-2026

This contract entered into this 1st day of July 2026 by IKA Works Inc. hereinafter called the "Contractor" and Commonwealth of Virginia, Virginia Polytechnic Institute and State University called "Virginia Tech."

WITNESSETH that the Contractor and Virginia Tech, in consideration of the mutual covenants, promises and agreements herein contained, agree as follows:

SCOPE OF CONTRACT: The Contractor shall provide specialized scientific equipment and instrumentation to Virginia Tech as set forth in the Contract Documents.

PERIOD OF CONTRACT: From July 1, 2026 through June 30, 2028 with the option for four (4) two-year renewals.

COMPENSATION AND METHOD OF PAYMENT: The Contractor shall be paid by Virginia Tech in accordance with the Contract Documents.

CONTRACT DOCUMENTS: The Contract Documents shall consist of this signed contract, the VHEPC Publicly Accessible Contract Agreement, Request for Proposal (RFP) number 952642606 dated April 10, 2026, together with Addendum Number 1 To RFP dated April 24, 2026, the proposal submitted by the Contractor dated May 11, 2026 and the negotiation summary, all of which Contract Documents are incorporated herein.

ELECTRONIC TRANSACTIONS: If this paragraph is initialed by both parties, to the fullest extent permitted by Code of Virginia, Title 59.1, Chapter 42.1, the parties do hereby expressly authorize and consent to the use of electronic signatures as an additional method of signing and/or initialing this contract and agree electronic signatures (for example, the delivery of a PDF copy of the signature of either party via facsimile or electronic mail or signing electronically by utilizing an electronic signature service) are the same as manual executed handwritten signatures for the purposes of validity, enforceability and admissibility.

**AGREEMENT
PUBLICLY ACCESSIBLE CONTRACT**

This Agreement executed this 1 day of July, 2026 by and between Virginia Polytechnic Institute and State University (“the University”) and IKA-WORKS, Inc. (“Supplier”).

TERM

The term of this Publicly Accessible Contract (“PAC”) shall remain in effect until the expiration or termination of the Primary Agreement.

WITNESS

WHEREAS, the University and Supplier have executed an agreement, VTG-3269-2026 dated July 1, 2026 (the “Primary Agreement”), and included in the Primary Agreement is a third party access / cooperative procurement clause. Now therefore, the University and Supplier agree to the specific terms that will allow third-party access to the Primary Agreement, and based on other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

- I. Supplier will:
 - A. Allow third parties to obtain goods and services from Supplier in accordance with the terms and pricing of the Primary Agreement (“Third-Party Access”).
 - B. Pay the Virginia Higher Education Procurement Consortium (“Consortium”) one percent (1%) of all revenue received by Supplier from non-Consortium entities through Third-Party Access (the “PAC Annual Fee”). The PAC Annual Fee will be paid in exchange for marketing services provided by the University and the Consortium described in Section II.
 - C. Fully support this marketing relationship by promoting the availability of the Third Party Access to non-Consortium entities; and
 - D. Provide quarterly reports detailing the amount of revenue received from non-Consortium entities through Third-Party Access.
- II. The University will ensure the Consortium:
 - A. Promotes the Primary Agreement and Third-Party Access on its website and through other channels (e.g., conferences) to non-Consortium members; and
 - B. Maintains a Supplier-approved version of the Supplier’s logo on the Consortium website.

III. Payment

- A. Supplier shall remit the PAC Annual Fee to the Consortium no later than August 31st of each year. The University and Consortium will share the payments equally and allocate payments to the appropriate accounts.

If the Primary Agreement expires or terminates before August 31st, Supplier shall remit the PAC Annual Fee no later than 45 calendar days from expiration or termination date of the Primary Agreement.

- B. Supplier shall remit the PAC Annual Fee by check in U.S. dollars. Checks will be made payable to the University of Virginia and sent to:

Procurement Office Manager
Procurement and Supplier Diversity Services
University of Virginia, Carruthers Hall
PO Box 400202
1001 N. Emmet Street
Charlottesville, VA 22904

Note 'PAC payment' on check.

IV. Notices

Any notice required or permitted to be given under this Agreement will be in writing and will be deemed duly given: (1) if delivered personally, when received; (2) if sent by recognized overnight courier service, on the date of the receipt provided by such courier service; (3) if sent by registered mail, postage prepaid, return receipt requested, on the date shown on the signed receipt; or (4) if sent by electronic mail, on the next business day of the receiver. All such notices will be addressed to a party at such party's address as shown below.

If to the University:

Reed Nagel, Director of Procurement
procurement@vt.edu
540-231-6221
300 Turner Street NW Suite 2100
Blacksburg, VA 24061

If to Supplier:

Name: Sarah Stiegelmann
Address: 2635 Northchase Parkway SE Wilmington, NC 28405
Email: sarah.stiegelmann@ika.net

Request for Proposal # 952642606

For

Specialized Scientific Equipment & Instrumentation

April 10, 2026

Note: This public body does not discriminate against faith-based organizations in accordance with the *Code of Virginia*, § 2.2-4343.1 or against a bidder or offeror because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment.

RFP # 952642606, Specialized Scientific Equipment & Instrumentation

INCLUDE THIS PAGE WITH YOUR PROPOSAL, SIGNATURE AT SUBMISSION IS REQUIRED

DUE DATE: Proposals will be received until **May 11th, 2026 at 3:00 PM**. Failure to submit proposals to the correct location by the designated date and hour will result in disqualification.

INQUIRIES: All inquiries for information regarding this solicitation should be directed to Levi Henry, Phone: (540) 231-7852 e-mail: lhenry29@vt.edu. All inquiries will be answered in the form of an addendum. Inquiries must be submitted by 3:00 PM on April 24, 2026. Inquiries must be submitted to the procurement officer identified in this solicitation.

PROPOSAL SUBMISSION:

***Please note, proposal submission procedures have changed effective March 2023.**

Proposals may NOT be hand delivered to the Procurement Office.

Proposals should be submitted electronically through Virginia Tech's procurement portal. This portal allows you access to view business opportunities and submit bids and proposals to Virginia Tech digitally and securely.

Proposals must be submitted electronically at:

<https://bids.scquest.com/apps/Router/PublicEvent?CustomerOrg=VATech>

Vendors will need to register through this procurement portal, hosted by Jaggaer. **It is encouraged for all vendors to register prior to the proposal submission deadline to avoid late submissions.** Registration is easy and free. If you have any challenges with the registration process, please contact Jaggaer Support at 1-800-233-1121 or procurement@vt.edu.

Click on the opportunity and log in to your vendor account to begin preparing your submission. Upon completion, you will receive a submission receipt email confirmation. Virginia Tech will not confirm receipt of proposals. It is the responsibility of the offeror to make sure their proposal is delivered on time.

Hard copy or email proposals will not be accepted. Late proposals will not be accepted, nor will additional time be granted to any individual Vendor.

Attachments must be smaller than 50MB in order to be received by the University.

In compliance with this Request For Proposal and to all the conditions imposed therein and hereby incorporated by reference, the undersigned offers and agrees to furnish the goods or services in accordance with the attached signed proposal and as mutually agreed upon by subsequent negotiation.

AUTHORIZED SIGNATURE: _____ Date: _____

[INCLUDE THIS PAGE]

I. PURPOSE:

- A. Background: The Virginia Higher Education Procurement Consortium (VHEPC), on behalf of participating member institutions, is issuing this Request for Proposal (RFP) as part of a coordinated R&D sourcing initiative designed to modernize and streamline research-related contract coverage.

VHEPC represents public institutions of higher education and seeks to establish competitively awarded, category-based contracts that support the diverse and evolving research needs of its members. These contracts are intended for use by VHEPC participating institutions and may also serve as nationally accessible cooperative contracts for eligible public agencies that elect to utilize them.

Historically, research-related procurements have often been addressed through individual contract actions or sole-source justifications based on specialized needs. This initiative replaces fragmented approaches with structured, transparent, and scalable competitive procurement aligned to defined R&D categories.

The objective of this RFP is to establish a pool of qualified firms within the specified category that can provide reliable, compliant, and cost-effective solutions to VHEPC members while maintaining flexibility necessary for research environments.

This RFP is targeted for offerors providing specialized scientific equipment and instrumentation, which is defined as capital or system-based scientific, engineering, and research equipment, including highly specialized instruments and integrated systems. This category also includes incidental services such as installation, configuration, calibration, training, and equipment-specific maintenance that are inseparable from the acquisition and operation of the equipment.

B. Coordinated Multi-Institution Model

Multiple R&D RFPs are being issued concurrently by designated lead institutions within VHEPC. Each RFP corresponds to a distinct and clearly defined category of goods or services.

Each participating institution serves as the issuing authority for its assigned category. However, awarded contracts are intended for use by eligible VHEPC members in accordance with the terms of each solicitation.

This coordinated approach:

- Distributes administrative responsibility across institutions
- Aligns evaluation with subject-matter expertise
- Replaces numerous individual contracts with structured category-based coverage
- Preserves continuity of research operations

C. Category-Based Structure

This RFP corresponds to the following category: **Specialized Scientific Equipment & Instrumentation.**

Each category is defined based on the primary value delivered, whether capital equipment, consumable products, regulated research inputs, labor-based services, or software platforms.

Category definitions are consistent across all coordinated RFPs to ensure clarity and prevent duplication.

D. Vendor Response Guidance (Important)

Vendors are advised that multiple R&D RFPs are being issued simultaneously under this coordinated initiative.

To prevent duplication and ensure efficient evaluation:

- Vendors should submit a proposal in response to only one RFP category.
- Vendors offering products or services that could reasonably align with more than one category should select the RFP that best represents their primary line of business.
- Vendors should not submit identical or substantially similar proposals to multiple RFPs under this initiative.

If a vendor is uncertain which category is most appropriate, the vendor is strongly encouraged to contact Ryan Balber, VHEPC Director at rbalber@virginia.edu for guidance. VHEPC reserves the right to redirect or reassign proposals if a submission is clearly misaligned with the category scope.

E. Scope Intent

This RFP is intended to establish competitively awarded contracts within the defined category to:

- Reduce reliance on sole-source justifications
- Improve transparency and audit defensibility
- Provide predictable and sustainable contract coverage
- Support diverse and evolving research needs across participating institutions

The resulting contracts are not intended to limit research flexibility, but rather to provide structured, compliant procurement pathways.

F. Coordination and Consistency

While issued by a designated lead institution, this RFP is part of a broader, coordinated VHEPC initiative. Category definitions, evaluation principles, and vendor response guidance are aligned across all related solicitations.

This structure ensures vendors experience a unified and organized market approach despite multiple issuing institutions.

G. Open Enrollment/Additional Opportunities

This RFP establishes an initial award group. Following the initial award, the University reserves the right to open an additional RFP at its sole discretion to establish additional agreements for these goods and/or services, which may occur annually or as operationally needed.

During any subsequent open enrollment period:

- Firms not previously awarded may submit proposals.
- Proposals will be evaluated using the same published criteria.
- Additional contracts may be awarded to qualified Firms.

II. SWaM BUSINESS PARTICIPATION:

The mission of the Virginia Tech supplier opportunity program is to foster opportunity in the university supply chain and accelerate economic growth in our local communities through the engagement and empowerment of high quality and cost competitive SWaM, and local suppliers. Virginia Tech encourages prime suppliers, contractors, and service providers to facilitate

participation through partnerships, joint ventures, subcontracts, and other inclusive and innovative relationships.

For more information, please visit: <https://www.sbsd.virginia.gov/>

III. CONTRACT PERIOD:

The term of this contract is for two years, or as negotiated. There will be an option for four (4) two-year renewals, or as negotiated.

IV. EVA BUSINESS-TO-GOVERNMENT ELECTRONIC PROCUREMENT SYSTEM:

The eVA Internet electronic procurement solution streamlines and automates government purchasing activities within the Commonwealth of Virginia. Virginia Tech, and other state agencies and institutions, have been directed by the Governor to maximize the use of this system in the procurement of goods and services. *We are, therefore, requesting that your firm register as a vendor within the eVA system.*

There are transaction fees involved with the use of eVA. These fees must be considered in the provision of quotes, bids and price proposals offered to Virginia Tech. Failure to register within the eVA system may result in the quote, bid or proposal from your firm being rejected and the award made to another vendor who is registered in the eVA system.

Registration in the eVA system is accomplished on-line. Your firm must provide the necessary information. Please visit the eVA website portal at <http://www.eva.virginia.gov/pages/eva-registration-buyer-vendor.htm> and **register both with eVA and Ariba**. *This process needs to be completed before Virginia Tech can issue your firm a Purchase Order or contract.* If your firm conducts business from multiple geographic locations, please register these locations in your initial registration.

For registration and technical assistance, reference the eVA website at: <https://eva.virginia.gov/>, or call 866-289-7367 or 804-371-2525.

V. CONTRACT PARTICIPATION:

It is the intent of this solicitation and resulting contract to allow for cooperative procurement. Accordingly, any public body, public or private health or educational institutions, or Virginia Tech's affiliated corporations and/or partnerships may access any resulting contract if authorized by the contractor.

Participation in this cooperative procurement is strictly voluntary. If authorized by the Contractor, the resultant contract may be extended to the entities indicated above to purchase at contract prices in accordance with contract terms. The Contractor shall notify Virginia Tech in writing of any such entities accessing the contract, if requested. No modification of this contract or execution of a separate contract is required to participate. The Contractor will provide semi-annual usage reports for all entities accessing the Contract, as requested. Participating entities shall place their own

orders directly with the Contractor and shall fully and independently administer their use of the contract to include contractual disputes, invoicing and payments without direct administration from Virginia Tech. Virginia Tech shall not be held liable for any costs or damages incurred by any other participating entity as a result of any authorization by the Contractor to extend the contract. It is understood and agreed that Virginia Tech is not responsible for the acts or omissions of any entity, and will not be considered in default of the contract no matter the circumstances.

Use of this contract does not preclude any participating entity from using other contracts or competitive processes as the need may be.

VI. STATEMENT OF NEEDS/SCOPE OF WORK:

- A. Discounts/Logistics: Deep discounts off list are expected. Except for special handling, prices should be inclusive of delivery (FOB Destination).
- B. Sales representation: Provide a plan for sales representation. We recognize that not all institution accounts will warrant full-time on-campus representation. Provide a narrative on how you propose to provide this service.
- C. Product Satisfaction: The Contractor should act as a customer advocate and coordinator for communications and is responsible for performance and problem resolution. Customer satisfaction will be a determining factor in measuring the Contractor's performance.
- D. Warranty: All products purchased under this contract will minimally include the Original Equipment Manufacturer's warranty which will pass directly to Virginia Tech. Products which fail after acceptance and installation will be covered under warranty. Products which are inoperative at installation will either be replaced by the Contractor or repaired under warranty. The decision to replace such products or accept warranty repair will be at the sole discretion of Virginia Tech, except in the event Virginia Tech fails to provide timely notice of product failure to the Contractor. The Contractor should provide contact information for requests for warranty services for all equipment sold under the contract. Any maintenance agreements available from the Contractor should be provided to Virginia Tech as an option and priced as discounted off list price.
- E. Sustainability: The Contractor is encouraged to address environmental concerns related to the purchase of recycled products, reductions of operating and maintenance costs, improved energy efficiencies, reduction of waste, use of 'green' products, and efforts to reduce consumption of energy, water, and materials.
- F. Minimum Order: There shall be no minimum order requirement.
- G. Quarterly Reporting Requirements
 1. Reporting Obligation

The awarded Contractor shall provide quarterly sales reports to VHEPC for the duration of the contract.

Reports are mandatory regardless of sales volume and must be submitted even if there were no purchases during the reporting period (in which case a "zero sales" report shall be submitted).

Reports shall be submitted electronically no later than thirty (30) calendar days following the end of each calendar quarter.

2. Reporting Format

All reports must be submitted using the VHEPC Unified Quarterly Reporting Template provided as an attachment to this RFP.

Contractors shall not modify the structure, column order, or formatting of the template. Alternative reporting formats will not be accepted.

The template includes:

- A “Quarterly Reporting” tab for VHEPC member purchases
- A “Non-Member Reporting” tab for purchases made by entities accessing the contract under the Publicly Accessible Contract (PAC) structure

3. Member Reporting Requirement

The “Quarterly Reporting” tab shall include item-level detail for all purchases made by VHEPC participating institutions during the reporting period.

Each transaction line shall include, at minimum:

- University
- PO Number
- Order Date
- Invoice Number
- Invoice Date
- Department
- Vendor SKU (if applicable)
- Product Category
- Item Description or Service Description
- Manufacturer Name (if applicable)
- Manufacturer Number (if applicable)
- Unit of Measure
- MSRP (if applicable)
- Contract Price
- Net Price
- Quantity (or Hours for services)
- Extended Volume (total invoiced amount)

Summary-only reporting is not acceptable.

4. Non-Member (PAC) Reporting Requirements

If the Contractor elects to permit third-party access under the Publicly Accessible Contract (PAC) structure, the Contractor shall also complete the “Non-Member Reporting” tab.

The Non-Member Report shall include all item-level transactions associated with non-VHEPC entities that accessed the contract during the reporting period.

The Non-Member Report shall serve as the basis for PAC Annual Fee calculation in accordance with the PAC Agreement.

If no non-member sales occurred, the Contractor shall indicate “No Sales” on the Non-Member Reporting tab.

5. Submission Method

Quarterly reports shall be submitted electronically to:

VHEPC Contract Administrator
Anu Mathew
amathew@virginia.edu

Reports must be submitted in Excel format and shall clearly identify in the title of the excel file:

- Vendor Name
- Contract Number
- Reporting Period (Quarter Ending)

6. Use of Reported Data

Reported data may be used by VHEPC for:

- Spend analysis and reporting
- Pricing consistency review
- Identification of cost savings opportunities
- Contract performance monitoring
- PAC Annual Fee verification

Reported data will be treated as confidential to the extent permitted by applicable law.

7. Failure to Comply

Failure to provide accurate and timely quarterly reporting may result in:

- Withholding of contract renewal or extension
- Suspension of third-party access privileges
- Audit review
- Termination for default in cases of repeated non-compliance

H. Publicly Accessible Contract (PAC) Requirement (see **ATTACHMENT C** for PAC Agreement)

1. Mandatory Execution of PAC Agreement

As a condition of award, all Offerors awarded a contract under this RFP shall execute the VHEPC Publicly Accessible Contract ("PAC") Agreement.

Execution of the PAC Agreement is mandatory and is not subject to post-award negotiation.

The PAC Agreement shall be incorporated by reference into the resulting contract.

2. Optional Third-Party Access

The PAC Agreement provides a mechanism through which eligible public entities that are not VHEPC participating institutions may elect to access the awarded contract.

Participation in third-party access is voluntary for the awarded Contractor.

An awarded Contractor may elect whether to permit third-party access under the PAC structure. Such election shall be documented at the time of contract execution or amended thereafter by mutual agreement.

No guarantee of third-party usage is made or implied.

3. PAC Annual Fee

If an awarded Contractor elects to permit third-party access and receives revenue from non-VHEPC entities under the PAC structure, the Contractor shall remit a Publicly Accessible Contract Annual Fee equal to one percent (1%) of revenue received from such non-VHEPC entities, in accordance with the PAC Agreement.

The PAC Annual Fee:

- Applies only to revenue received from non-VHEPC entities utilizing third-party access
- Does not apply to purchases made by VHEPC participating institutions
- Shall not be invoiced or passed through as a separate line item to participating institutions

Offerors shall incorporate any anticipated PAC-related costs into their proposed pricing.

4. Reporting and Reconciliation

Contractors electing to permit third-party access shall submit quarterly Non-Member (PAC) reports in accordance with the RFP Reporting Requirements section.

Reported data shall serve as the basis for PAC Annual Fee calculation.

VHEPC reserves the right to reconcile reported revenue against PAC fee remittance.

5. Future Open Enrollment Applicability

All firms awarded under future open enrollment generations of this RFP shall be subject to the same PAC execution requirement.

VII. PROPOSAL PREPARATION AND SUBMISSION:

A. Specific Requirements

Proposals should be as thorough and detailed as possible so that Virginia Tech may properly evaluate your capabilities to provide the required goods or services. Offerors are required to submit the following information/items as a complete proposal:

1. Provide a summary overview of the company, including qualifications and experiences, geographical operations, unique services provided to the higher education marketplace and any envisioned company changes including planned technological advances and acquisitions.
2. List all contact information for ordering, invoicing, customer service, etc.
3. Describe delivery options and policies including special handling charges, installation and training if required for the items being offered. **All orders shall be FOB destination.** Include information regarding delivery costs and/or free delivery. Specify costs in Attachment B Pricing Schedule.
4. Specify typical turnaround time for delivery (standard, rush, etc.) for the items being offered.
5. Describe return policy (including replacement of defective, broken, or damaged items) and identify any associated costs. Any costs to be specified in **Attachment B Pricing Schedule**.

6. Provide sample quote and invoice. Quotes shall include manufacturer list price and contracted discount price.
7. Identify any other goods or services offered to Virginia Tech and associated costs as specified in **Attachment B Pricing Schedule**.
8. Participation of SWaM Business:

If your business cannot be classified as SWaM, describe your plan for utilizing SWaM subcontractors if awarded a contract. Describe your ability to provide reporting on SWaM subcontracting spend when requested. If your firm or any business that you plan to subcontract with can be classified as SWaM, but has not been certified by the Virginia Department of Small Business and Supplier Diversity (SBSD), it is expected that the certification process will be initiated no later than the time of the award. If your firm is currently certified, you agree to maintain your certification for the life of the contract. For assistance with SWaM certification, visit the SBSB website at <http://www.sbsd.virginia.gov/>
9. The return of the Submission Instruction page and addenda, if any, signed and filled out as required.

D. General Requirements

1. RFP Response: In order to be considered for selection, Offerors shall submit a complete response to this RFP to include;
 - a. **One (1) electronic document** in WORD format or searchable PDF of the entire proposal as one document, INCLUDING ALL ATTACHMENTS must be uploaded through the Virginia Tech online submission portal. Refer to page 2 for instructions.

Any proprietary information should be clearly marked in accordance with 2.d. below.

- b. Should the proposal contain **proprietary information**, provide **one (1) redacted electronic copy** of the proposal and attachments **with proprietary portions removed or blacked out**. This redacted copy should follow the same upload procedures as described on Page 1 of this RFP. This redacted copy should be clearly marked "*Redacted Copy*" within the name of the document. The classification of an entire proposal document, line item prices and/or total proposal prices as proprietary or trade secrets is not acceptable. Virginia Tech shall not be responsible for the Contractor's failure to exclude proprietary information from this redacted copy.

No other distribution of the proposals shall be made by the Offeror.

2. Proposal Preparation:
 - a. Proposals shall be signed by an authorized representative of the Offeror. All information requested should be submitted. Failure to submit all information requested may result in Virginia Tech requiring prompt submission of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by Virginia Tech at its discretion. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.

- b. Proposals should be prepared simply and economically providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be on completeness and clarity of content.
 - c. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, subletter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and subletter should be repeated at the top of the next page. The proposal should contain a table of contents which cross references the RFP requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.
 - d. Ownership of all data, material and documentation originated and prepared for Virginia Tech pursuant to the RFP shall belong exclusively to Virginia Tech and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by an Offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act. However, to prevent disclosure the Offeror must invoke the protections of Section 2.2-4342F of the Code of Virginia, in writing, either before or at the time the data or other materials is submitted. The written request must specifically identify the data or other materials to be protected and state the reasons why protection is necessary. –The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices and/or total proposal prices as proprietary or trade secrets is not acceptable and may result in rejection of the proposal.
3. Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to Virginia Tech.—This will provide an opportunity for the Offeror to clarify or elaborate on the proposal but will in no way change the original proposal. Virginia Tech will schedule the time and location of these presentations. Oral presentations are an option of Virginia Tech and may not be conducted. Therefore, proposals should be complete.

VIII. SELECTION CRITERIA AND AWARD:

A. Selection Criteria

Proposals will be evaluated by Virginia Tech using the following:

<u>Criteria</u>	<u>Maximum Point Value</u>
1. Quality of products/services offered and suitability for the intended purposes	25
2. Qualifications and experiences of Offeror in providing the goods/services	25
3. Specific plans or methodology to be used to provide the Services	25
4. Cost (or Price)	15
5. Participation of SWaM Business	10
Total	100

B. Award

Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals on the basis of the evaluation factors included in the Request for Proposal, including price, if so stated in the Request for Proposal. Negotiations shall then be conducted with the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, Virginia Tech shall select the offeror which, in its opinion, has made the best proposal, and shall award the contract to that offeror. Virginia Tech may cancel this Request for Proposal or reject proposals at any time prior to an award. Should Virginia Tech determine in writing and in its sole discretion that only one offeror has made the best proposal, a contract may be negotiated and awarded to that offeror. The award document will be a contract incorporating by reference all the requirements, terms and conditions of this solicitation and the Contractor's proposal as negotiated.

Virginia Tech reserves the right to award multiple contracts as a result of this solicitation.

IX. INVOICES:

Invoices for goods or services provided under any contract resulting from this solicitation shall be submitted by email to vtinvoices@vt.edu or by mail to:

Virginia Polytechnic Institute and State University (Virginia Tech)
Accounts Payable
North End Center, Suite 3300
300 Turner Street NW
Blacksburg, Virginia 24061

X. METHOD OF PAYMENT:

Virginia Tech will authorize payment to the contractor as negotiated in any resulting contract from the aforementioned Request for Proposal.

Payment can be expedited through the use of the Wells One AP Control Payment System. Virginia Tech strongly encourages participation in this program. For more information on this program please refer to Virginia Tech's Procurement website: <http://www.procurement.vt.edu/vendor/wellsone.html> or contact the procurement officer identified in the RFP.

XI. ADDENDUM:

Any **ADDENDUM** issued for this solicitation may be accessed at <https://bids.scquest.com/apps/Router/PublicEvent?CustomerOrg=VATech>. Since a paper copy of the addendum will not be mailed to you, we encourage you to check the web site regularly.

XII. COMMUNICATIONS:

Communications regarding this solicitation shall be formal from the date of issue, until either a Contractor has been selected or the Procurement Department rejects all proposals. Formal communications will be directed to the procurement officer listed on this solicitation. Informal communications, including but not limited to request for information, comments or speculations regarding this solicitation to any University employee other than a Procurement Department representative may result in the offending Offeror's proposal being rejected.

XIII. CONTROLLING VERSION OF SOLICITATION:

The posted version of the solicitation and any addenda issued by Virginia Tech Procurement Services is the mandatory controlling version of the document. Any modification of/or additions to the solicitation by the Offeror shall not modify the official version of the solicitation issued by Virginia Tech Procurement Services. Such modifications or additions to the solicitation by the Offeror may be cause for rejection of the proposal; however, Virginia Tech reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a proposal.

XIV. TERMS AND CONDITIONS:

This solicitation and any resulting contract/purchase order shall be governed by the attached terms and conditions, see Attachment A.

XV. CONTRACT ADMINISTRATION:

- A. The individual user departments at Virginia Tech shall be identified as the Contract Administrators and shall use all powers under the contract to enforce its faithful performance.
- B. The Contract Administrators in each user departments shall determine the amount, quantity, acceptability, fitness of all aspects of the services and shall decide all other questions in connection with the services. Contract Administrators, or designees, shall not have authority to approve changes in the services which alter the concept or which call for an extension of time for this contract. Any modifications made must be authorized by the Virginia Tech Procurement Department through a written amendment to the contract.
- C. Levi Henry, Senior Contracting Officer, Procurement, shall oversee the contract in its entirety and will serve as the point of contact for issues involving this contract.

XVI. ATTACHMENTS:

Attachment A - Terms and Conditions

Attachment B - Pricing Schedule

Attachment C – PAC Agreement

ATTACHMENT A

TERMS AND CONDITIONS

RFP GENERAL TERMS AND CONDITIONS

See:

https://www.procurement.vt.edu/content/dam/procurement_vt_edu/docs/terms/RFP-General-Terms-And-Conditions.pdf

ADDITIONAL TERMS AND CONDITIONS.

1. **ADDITIONAL GOODS AND SERVICES:** The University may acquire other goods or services that the supplier provides other than those specifically solicited. The University reserves the right, subject to mutual agreement, for the Contractor to provide additional goods and/or services under the same pricing, terms and conditions and to make modifications or enhancements to the existing goods and services. Such additional goods and services may include other products, components, accessories, subsystems, or related services newly introduced during the term of the Agreement.
2. **AUDIT:** The Contractor hereby agrees to retain all books, records, and other documents relative to this contract for five (5) years after final payment, or until audited by the Commonwealth of Virginia, whichever is sooner. Virginia Tech, its authorized agents, and/or the State auditors shall have full access and the right to examine any of said materials during said period.
3. **AVAILABILITY OF FUNDS:** It is understood and agreed between the parties herein that Virginia Tech shall be bound hereunder only to the extent of the funds available or which may hereafter become available for the purpose of this agreement.
4. **CANCELLATION OF CONTRACT:** Virginia Tech reserves the right to cancel and terminate any resulting contract, in part or in whole, without penalty, upon 60 days written notice to the Contractor. In the event the initial contract period is for more than 12 months, the resulting contract may be terminated by either party, without penalty, after the initial 12 months of the contract period upon 60 days written notice to the other party. Any contract cancellation notice shall not relieve the Contractor of the obligation to deliver and/or perform on all outstanding orders issued prior to the effective date of cancellation.
5. **CONTRACT DOCUMENTS:** The contract entered into by the parties shall consist of the Request for Proposal including all modifications thereof, the proposal submitted by the Contractor, the written results of negotiations, the Commonwealth Standard Contract Form, all of which shall be referred to collectively as the Contract Documents.
6. **IDENTIFICATION OF PROPOSAL:** Virginia Tech will only be accepting electronic submission of proposals. All submissions must be submitted to the Virginia Tech online submission portal. Upon completion you will be directed to your Submission Receipt. Virginia Tech will not confirm receipt of proposals. It is the responsibility of the offeror to make sure their proposal is delivered on time. **Attachments must be smaller than 50MB in order to be received by the University.** Proposals may **NOT** be hand delivered to the Procurement Office.
7. **NOTICES:** Any notices to be given by either party to the other pursuant to any contract resulting from this solicitation shall be in writing via email.
8. **SEVERAL LIABILITY:** Virginia Tech will be severally liable to the extent of its purchases made against any contract resulting from this solicitation. Applicable entities described herein will be severally liable to the extent of their purchases made against any contract resulting from this solicitation.

9. CLOUD OR WEB HOSTED SOFTWARE SOLUTIONS: For agreements involving Cloud-based Web-hosted software/applications refer to link for additional terms and conditions: https://www.procurement.vt.edu/content/dam/procurement_vt_edu/itprocurement/Data_Security_FER_PA_Addendum_2024.docx.

10. ADVERTISING: In the event a contract is awarded for supplies, equipment, or services resulting from this solicitation, no indication of such sales or services to Virginia Tech will be used in product literature or advertising. The contractor shall not state in any of the advertising or product literature that the Commonwealth of Virginia or any agency or institution of the Commonwealth has purchased or uses its products or services.

11. ELECTRICAL INSTALLATION: All equipment/material shall conform to the latest issue of all applicable standards as established by National Electrical Manufacturer's Association (NEMA), American National Standards Institute (ANSI), and Underwriters' Laboratories, Incorporated (UL) or other Nationally Recognized Testing Laboratories (NRTL) currently listed with the US Department of Labor. All equipment and material, for which there are NEMA, ANSI, UL or other NRTL standards and listings, shall bear the appropriate label of approval for use intended.

12. INSURANCE

By signing and submitting a Proposal/Bid under this solicitation, the offeror/bidder certifies that if awarded the contract, it will have the following insurance coverages at the time the work commences. Additionally, it will maintain these during the entire term of the contract and that all insurance coverages will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

During the period of the contract, Virginia Tech reserves the right to require the contractor to furnish certificates of insurance for the coverage required.

INSURANCE COVERAGES AND LIMITS REQUIRED:

A. Worker's Compensation - Statutory requirements and benefits.

B. Employers Liability - \$100,000.00

C. General Liability - \$2,000,000.00 combined single limit. Virginia Tech and the Commonwealth of Virginia shall be named as an additional insured with respect to goods/services being procured. This coverage is to include Premises/Operations Liability, Products and Completed Operations Coverage, Independent Contractor's Liability, Owner's and Contractor's Protective Liability and Personal Injury Liability.

D. Automobile Liability - \$500,000.00

E. The contractor agrees to be responsible for, indemnify, defend and hold harmless Virginia Tech, its officers, agents and employees from the payment of all sums of money by reason of any claim against them arising out of any and all occurrences resulting in bodily or mental injury or property damage that may happen to occur in connection with and during the performance of the contract, including but not limited to claims under the Worker's Compensation Act. The contractor agrees that it will, at all times, after the completion of the work, be responsible for, indemnify, defend and hold harmless Virginia Tech, its officers, agents and employees from all liabilities resulting from bodily or mental injury or property damage directly or indirectly arising out of the performance or nonperformance of the contract

13. LABELING OF HAZARDOUS SUBSTANCES: If the items or products requested by this solicitation are "Hazardous Substances" as defined by the # 3.1-250 of the Code of Virginia (1950), as amended, or # 1261 of Title 15 of the United States Code, then the offeror/bidder, by submitting its Proposal/Bid, certifies and warrants that the items or products to be delivered under this contract shall be properly labeled as required by the foregoing sections and that by delivering the items or products the offeror/bidder does not violate any of the prohibitions of # 3.1-252 of the Code of Virginia or Title 15 U.S.C. # 1263.

- 14. LICENSE TO USE VIRGINIA TECH LICENSED INDICIA:** By signing and submitting this Proposal/Bid, the offeror/bidder agrees that if it is awarded a purchase order/contract as a result of this solicitation, it will follow the procedures outlined by Virginia Tech's Licensing and Trademarks Administration to become a licensed vendor authorized to use Virginia Tech licensed trademarks indicia identified in the solicitation and to follow all procedures for submitting artwork for product for approval prior to producing any product with Virginia Tech indicia. As a licensed vendor, the offeror/bidder will be required to pay the university's standard royalty rate for similarly licensed vendors. *More information on the licensing process and application can be found at: <http://clc.com/Licensing-Info.aspx>.*
- 15. ORDERS:** Applicable departments, institutions, agencies and Public Bodies of the Commonwealth of Virginia may order by issuing a purchase order against any contract resulting from this solicitation.
- 16. PRICE ESCALATION/DEESCALATION:** Price adjustments for changes in the contractor's price of materials, labor and transportation may be permitted. Request for price adjustments for any other reasons will not be granted. No price increases will be authorized for 365 calendar days after the effective date of the contract. Contractor shall give not less than 30 days advance notice prior to the annual renewal of the contract of any desired price increase.

The Contractor shall document the amount and proposed effective date of any general change in the price of materials, labor and transportation. Documentation shall be supplied with the contractor's request for increase which will (1) verify that the requested price increase is general in scope and not applicable just to Virginia Tech, and (2) verify the amount or percentage of increase which is being passed on to the contractor by the contractor's suppliers. Failure by the contractor to supply the aforementioned verification with the request for price increase will result in a delay of the effective date of such increase. The Virginia Tech Procurement Department may verify such change in price independently. The Virginia Tech Procurement Department may make such verification as it deems adequate. However, any increase which the Virginia Tech Procurement Department determines is excessive, regardless of any documentation supplied by the contractor, may be cause for cancellation of the contract by the Virginia Tech Procurement Department. The Virginia Tech Procurement Department will notify the contractor in writing of the effective date of any increase which is approved. However, the contractor shall fill all purchase orders received prior to the effective date of the price adjustments of the old contract prices.

"Across the Board" price decreases are subject to implementation at any time and shall be immediately conveyed to Virginia Tech. The contractor is further advised that price decreases which affect the price of materials, labor, and transportation are required to be passed on to Virginia Tech immediately. Failure to do so will result in action to recoup such amounts.

- 17. SPECIAL OR PROMOTIONAL DISCOUNTS:** The Contractor shall extend any special promotional sale prices or discounts immediately to Virginia Tech during the term of the contract. Such notice shall also advise the duration of the specific sale or discount price.
- 18. SIDEWALK POLICY:** Driving on sidewalks is allowed when there is no other way to get a needed vehicle to a designated place or building on campus. The vehicle operator shall be made aware that extreme caution shall be used to operate the vehicle in a way that will not be a hazard or hindrance to pedestrians using the walk. The contractor shall be responsible for any damage to turf and anything that is located adjacent to the walk. Parking an unattended vehicle on a sidewalk is strictly prohibited by State Law. The contractor is allowed to park a vehicle on a sidewalk if there is no other way to perform necessary work. The procedure to obtain a permit to operate a vehicle on sidewalks is the same as for the turf as outlined in Turf Policy. Any vehicle parked illegally on sidewalks shall be subject to ticketing, fines and towing if necessary.
- 19. TURF POLICY:** Parking or driving on campus turf or sidewalk is strictly prohibited, except as specifically directed or otherwise allowed by the Physical Plant Grounds Department. In this case, a

turf permit must be obtained from Virginia Tech Parking Services and displayed by the vehicle. Turf parking is not allowed under the canopy of any tree on campus. Any vehicle parked illegally on turf or sidewalks shall be subject to ticketing and fines.

20. WARRANTY (COMMERCIAL): The contractor agrees that the supplies or services furnished under any award resulting from this solicitation shall be covered by the most favorable commercial warranties the contractor gives any customer for such supplies or services and that the rights and remedies provided therein are in addition to and do not limit those available to Virginia Tech by any other clause of this solicitation.

Attachment B

Pricing Schedule

The offeror shall provide pricing using the template below as applicable. The pricing schedule should include percentage off list price for specific manufacturer/product lines and/or categories. The “volume tier” section is intended to allow the offeror to provide volume-based incentives if applicable.

Equipment Category	Manufacturer	Model	List Price	Discount %	Net Price	Installation Cost	AVG Lead Time (Days)	Volume Tier (if applicable)

Attachment C
AGREEMENT
PUBLICLY ACCESSIBLE CONTRACT

This Agreement executed this [Date] day of [Month, Year] by and between [VASCUPP MEMBER NAME], (“the University”) and [Supplier NAME] (“Supplier”).

TERM

The term of this Publicly Accessible Contract (“PAC”) shall remain in effect until the expiration or termination of the Primary Agreement.

WITNESS

WHEREAS, the University and Supplier have executed an agreement, [CONTRACT NUMBER], dated [CONTRACT DATE] (the “Primary Agreement”), and included in the Primary Agreement is a third party access / cooperative procurement clause. Now therefore, the University and Supplier agree to the specific terms that will allow third-party access to the Primary Agreement, and based on other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

- I. Supplier will:
 - A. Allow third parties to obtain goods and services from Supplier in accordance with the terms and pricing of the Primary Agreement (“Third-Party Access”).
 - B. Pay the Virginia Higher Education Procurement Consortium (“Consortium”) one percent (1%) of all revenue received by Supplier from non-Consortium entities through Third-Party Access (the “PAC Annual Fee”). The PAC Annual Fee will be paid in exchange for marketing services provided by the University and the Consortium described in Section II.
 - C. Fully support this marketing relationship by promoting the availability of the Third Party Access to non-Consortium entities; and
 - D. Provide quarterly reports detailing the amount of revenue received from non-Consortium entities through Third-Party Access.
- II. The University will ensure the Consortium:
 - A. Promotes the Primary Agreement and Third-Party Access on its website and through other channels (e.g., conferences) to non-Consortium members; and
 - B. Maintains a Supplier-approved version of the Supplier’s logo on the Consortium website.
- III. Payment
 - A. Supplier shall remit the PAC Annual Fee to the Consortium no later than August 31st of each year. The University and Consortium will share the payments equally and allocate payments to the appropriate accounts.

If the Primary Agreement expires or terminates before August 31st, Supplier shall remit the PAC Annual Fee no later than 45 calendar days from expiration or termination date of the Primary Agreement.

- B. Supplier shall remit the PAC Annual Fee by check in U.S. dollars. Checks will be made payable to the University of Virginia and sent to:

Procurement Office Manager
Procurement and Supplier Diversity Services
University of Virginia, Carruthers Hall
PO Box 400202
1001 N. Emmet Street
Charlottesville, VA 22904

Note 'PAC payment' on check.

IV. Notices

Any notice required or permitted to be given under this Agreement will be in writing and will be deemed duly given: (1) if delivered personally, when received; (2) if sent by recognized overnight courier service, on the date of the receipt provided by such courier service; (3) if sent by registered mail, postage prepaid, return receipt requested, on the date shown on the signed receipt; or (4) if sent by electronic mail, on the next business day of the receiver. All such notices will be addressed to a party at such party's address as shown below.

If to the University:

**VIRGINIA POLYTECHNIC INSTITUTE AND STATE UNIVERSITY
PROCUREMENT DEPARTMENT**

ADDENDUM NO. 1

DATE: April 24, 2026
TO: All Offerors
FROM: Levi Henry, Senior Contracts Officer
TOTAL PAGE(S): 2
SOLICITATION TITLE: Specialized Scientific Equipment and Instrumentation
SOLICITATION NUMBER: 952642606

I. CLARIFICATIONS AND ADDITIONAL INFORMATION

1. The VHEPC Quarterly Reporting Template referenced in the RFP is included as an attachment as part of this addendum. ***Please note that not all fields are required, and we are flexible in allowing the offeror to do the best they can to provide the data as it applies to their product/service offering.

II. REQUESTS FOR INFORMATION

1. We utilize a standardized pricing model that structures pricing by supplier and product line, providing a defined range of minimum and maximum discount percentages within each category. As a result, pricing components such as list price, net price, and installation costs may not be applicable. Will this pricing approach be acceptable for the RFP?

Yes, this is acceptable just please clearly indicate the discount percentages as part of your pricing approach.

2. Section 10 of Attachment A prohibits stating in our literature that any Commonwealth agency or institution has purchased or uses its products. Are contractors permitted to advertise the agreement itself in its literature? In the PAC it states the University will promote the PAC, but can the contractor promote it as well?

Yes, contractors are permitted to advertise the agreement itself in its literature. Virginia Tech and VHEPC will both work in conjunction to promote the PAC, and we highly encourage the contractor to promote the PAC as well.

3. *The link in Attachment A appears to be inactive. Please confirm if the doc in the following link is correct:*

https://www.procurement.vt.edu/content/dam/procurement_vt_edu/docs/terms/RFP-General-Terms-And-Conditions.pdf

Please use the following link instead:

https://www.procurement.vt.edu/content/dam/procurement_vt_edu/docs/terms/RFP-General-Terms-And-Conditions.pdf

4. We are seeking clarification regarding invoicing requirements under this contract. Specifically, Section 1X states: "Invoices for goods or services provided under any contract resulting from this solicitation shall be submitted by email to vtinvoices@vt.edu." Could you please confirm whether this means that all invoices from all participating entities must be submitted to Virginia Tech's Accounts Payable, or whether this requirement applies only to VT.edu, with other entities receiving invoices directly?

This section refers strictly to Virginia Tech invoices. Other entities shall be invoiced directly and do not need to be sent to Virginia Tech.

VII A. 1

IKA Works, INC is a 110-year-old, family-owned company from Germany who specializes in benchtop laboratory equipment with the longest warranties on the market. Across the world IKA has over 16 subsidiaries in various countries including Germany, China, USA, UK, Brazil, Thailand, Malaysia, India, Japan, Kenya, Poland, Spain, Turkey, Uganda, and Vietnam. Our US manufacturing takes place in Wilmington, NC and we proudly manufacture 75% or more of our bestsellers locally. We are proud to have won numerous design and innovation awards for our products over the last 20 years.

IKA product lines include hotplate stirrers, rotary evaporators, shakers, homogenizers, overhead stirrers, viscometers, bioreactors, mills, electrochemistry, chillers and thermostats, high viscosity and synthesis reactors. Our standard warranty for universities is 2+1 years with online registration of the serial number of our products upon receipt. IKA offers a 5-year warranty on our Rotary Evaporators and a 10-year warranty on two hotplate stirrer models, our electrochemistry device, viscometer, and a few overhead stirrers.

Our new product lines focus on footprint, designs, and innovation with our customers benchtop space top of mind. This can be seen for example with our new modular design of our hotplate's stirrer, wireless temperature probes, our IKA hub for wireless control of devices, and our advanced safety features (timer/counter, lock function, temperature probe detection timeout).

VII A. 3

Delivery Terms:

IKA does offer FCA Destination Free of Charge to Academic and Government institutions if allowable by the purchaser. Otherwise, all products requested from IKA will need to have FOB destination added to the quote, and it will vary based on the package weight/dimensions and the amount needed to be insured. All products will be shipped from our Wilmington, NC location to Virginia Tech. If installation is required for a device, IKA will quote and offer at the time of discussion with the customer, otherwise all products are delivered without installation. Support and installation can always be offered by our local account manager and team if needed. Most commonly offered installations would be for our rotary evaporator systems or bioreactors, but these are not always required or asked of by the purchaser.

VII A. 4

Delivery Timeline:

IKA best-selling devices are available from a 0–4-week lead time; this covers 75% of our product line that is manufactured here in the USA. If the product is not manufactured locally here in the US, the lead time could be 6-8 weeks or longer depending on the location of manufacturing. Typically rush orders can be delivered overnight or at the end users request as long as the product is in stock.

VII A. 5

IKA Works, Inc. | Version 1/2025

1. FUNDAMENTALS AND SCOPE

1.1. These Terms and Conditions of Sale, Delivery and Service (hereinafter referred to as „Terms and Conditions“) shall, unless expressly agreed otherwise, apply to all contracts, purchase orders or other agreements for the manufacture, sale and delivery of Goods as well as for the provision of development services and all services to be provided by IKA Works, Inc., a Delaware corporation (hereinafter referred to as „IKA Works“) to the purchaser identified in such contract, purchase order or other agreement (hereinafter referred to as “Purchaser”). These Terms and Conditions shall also apply to all future contracts, purchase orders or other agreements between IKA Works and the Purchaser, even in those cases in which they are not separately agreed.

1.2. Any other terms and conditions proposed by the Purchaser (including, without limitation, in any purchase order or other document delivered by Purchaser) shall only be binding on IKA Works if IKA Works has expressly agreed to such other terms and conditions in a writing signed by IKA Works. In such a case, they shall only apply to the transaction for which they have been agreed and shall have neither ab initio effect nor apply to any subsequent transactions. An objection by IKA Works shall not be required in individual cases. Under no circumstances shall the conduct of IKA Works be considered as consent to such terms and conditions of the Purchaser; this refers to any acts of contract performance, silence or the unconditional transmission of an order of confirmation. IKA Works specifically rejects, and Purchaser disclaims all pre-printed provisions in Purchaser's purchase order and any other Purchaser forms or documents.

1.3. For purposes of these Terms and Conditions, (a) "Goods" means any Goods, products, machinery, apparatus, part, equipment, accessories, materials or supplies provided by IKA Works to the Purchaser and (b) "Contract" means, collectively, these Terms and Conditions, together with all contracts, purchase orders or other agreements for the manufacture, sale and delivery of Goods as well as for the provision of development services and all services to be provided by IKA Works to the Purchaser.

2. CONTRACT CONCLUSION

2.1. Quotations of IKA Works shall be subject to change by IKA Works at any time unless otherwise agreed in writing.

2.2. Any documents that are part of the quotation, such as illustrations, brochures, drawings, weights and dimensions, shall only be approximate and shall not constitute a representation of a particular quality. The only exception to this provision shall be if such information has been expressly described in writing as binding vis-à-vis the Purchaser. In addition, all specifications for the Goods are subject to change at any time by IKA Works without notice to the Purchaser. All intellectual property rights and other rights in and to quotations, drawings and other documents shall be and remain the sole and exclusive property of IKA Works and may not be made available to third parties without the express prior written consent of IKA Works.

2.3. All orders received from Purchaser are subject to acceptance by IKA Works and IKA Works reserves the right, in its sole discretion, not to accept any purchase order. Orders shall only be binding upon IKA Works upon IKA Works written acceptance of such order in writing or fulfillment of such order by IKA Works delivering the Goods or providing the services covered by such order.

2.4. All Goods temporarily out of stock will be backordered, and such Goods will be shipped promptly upon such Goods being back in stock with IKA Works and available for shipment.

3. PRICES/PAYMENT

3.1. Unless otherwise agreed, prices shall be Ex Works IKA Works facility in Wilmington, North Carolina (INCOTERMS 2020), excluding packaging and insurance. Freight and insurance will be invoiced to the Purchaser. Prices shall be exclusive of all applicable taxes including state and local taxes and any value added tax. Any such taxes which IKA Works may be required to pay or collect under any existing or future law, including taxes upon or measured by the receipts from the sale thereof, shall be for the account of the Purchaser, who shall promptly pay the amount thereof to IKA Works upon demand, unless the Purchaser provides IKA Works with a properly executed certificate representing that IKA Works is not required to collect any such taxes. The Purchaser will indemnify and save IKA Works harmless from any liability, penalties or expenses incurred by IKA Works as a result of its reliance upon such certificate.

3.2. All prices are based on (a) the written quotation, if any, provided by IKA Works and are valid for 30 days from the date of quotation or (b) if no quotation is provided, the price of the item on the date the purchase order is received.

3.3. All payments shall be made in US dollars without deduction. Payment terms are (a) Net 30 Days from the date of invoice if the Purchaser is located in the United States and has an approved credit rating by IKA Works (b) due upon acceptance of the order by IKA Works via MasterCard, Visa, American Express, wire transfer or ACH. All past due accounts are subject to a 1% per month (12% per annum) service charge. All export & overseas accounts must be paid prior to shipment, by an irrevocable letter of credit or wire transfer unless otherwise agreed on quotation before shipment. All bank fees inside and outside of the U.S. are the responsibility of the Purchaser.

3.4. The Purchaser shall not be entitled to withhold payment or to set off any amounts owed to IKA Works.

3.5. Any payment discounts offered by IKA Works shall be subject to compliance with the terms of payment thereof. IKA Works shall be entitled to offset payment discounts against claims from future deliveries.

3.6. As collateral security for the payment of the purchase price of the Goods, the Purchaser hereby grants to IKA Works a lien on and security interest in and to all of the right, title and interest of the Purchaser in, to and under the Products, wherever located, and whether now existing or hereafter arising or acquired from time to time, and in all accessions thereto and replacements or modifications thereof, as well as all proceeds (including insurance proceeds) of the foregoing. The security interest granted under this Section 3 constitutes a purchase of money security interest under the North Carolina Uniform Commercial Code.

4. DELIVERY

4.1. Partial deliveries shall be permissible insofar as they are reasonable for the Purchaser. Any claims for shortages in any delivery must be made within 15 business days after the date of delivery.

4.2. Unless otherwise agreed in individual cases, all deliveries shall be made at Ex Works IKA Works facility in Wilmington, North Carolina (INCOTERMS 2020). Shipments will be made via a carrier and/or method chosen by IKA Works, which may include FedEx, UPS, overnight, truck or other means. Other delivery methods may be considered upon written request from the Purchaser. All export or overseas shipments will be routed in accordance with the Purchaser's instructions.

4.3. In case of a delayed acceptance of any Goods, IKA Works shall be entitled to charge the Purchaser storage fees in the amount of 0.5% for each completed month but not exceeding a total of 5% of the gross price. The parties reserve the right to provide proof of higher or lower storage costs. The same applies if the collection or shipment of the Goods is delayed at the purchaser's request. IKA Works reserves the right to claim other additional costs on top of the storage fee.

5. DELIVERY TIME / FORCE MAJEURE / DELAYED DELIVERY

5.1. Delivery dates and deadlines shall only be binding if they have been expressly confirmed as binding by IKA Works in writing. Otherwise, Purchaser acknowledges that, to the extent IKA Works provides any delivery dates or deadlines that all such delivery dates and deadlines are IKA Work's estimate of such dates and are based, in part, on information supplied by Purchaser and are not firm commitments. The start of the agreed delivery period shall be subject to the clarification of all technical questions, the timely receipt of all documents to be provided by the Purchaser, such as drawings, plans, releases,

specifications, the receipt of any agreed partial payments or advance payments and other collaborative acts to be performed by the purchaser. All delivery dates and deadlines shall be extended, day for day, for each day of delay resulting from any act, omission or delay of Purchaser or any of Purchaser's other contractors, subcontractors, customers or suppliers, or resulting from any other delay not caused by IKA Works

5.2. IKA Works shall not be responsible for any delay or failure in performance of any part of the Contract or delivery of the Goods to the extent such delay or failure is caused by an event beyond the reasonable control of IKA Works, including, without limitation, governmental action, fire, explosion, acts of God, flood, war, riot, accident, blockades, insurrections, riots, epidemics, pandemics or any governmental action in response thereto (including quarantines or mandatory shutdowns), earthquakes, hurricanes, tornadoes, floods, abnormal snow or hail storms, labor trouble, shortages of labor or materials, increases in material costs, transportation difficulty, acts of the public enemy, or the existence of any circumstance making performance commercially impractical.

6. GOODS ORDERED ON CALL

Goods ordered on call shall be accepted without particular agreement within a reasonable period of time, but no later than within 12 months from the date of the order confirmation. If the order is not accepted in time, IKA Works may store the Goods ready for dispatch at the Purchaser's risk and invoice them as delivered, charging all costs incurred, or dispatch them without request.

7. TRANSFER OF RISK AND RECEIPT

7.1. Risk of loss shall pass to the Purchaser upon notification that the Goods are ready for dispatch, but no later than the start of loading of the parts for delivery.

7.2. If no specific instructions for shipment have been included in the order, the Goods shall be shipped at IKA Works' best discretion without prejudice at the least expensive mode of transportation.

7.3. In the best interest of the Purchaser, IKA Works shall insure shipments of Goods against theft, damages caused by breakage, transport, fire and water as well as other insurable risks at the Purchaser's expense as a matter of principle. Shipping insurance of the type mentioned herein shall only be waived at the Purchaser's express request. Unless otherwise agreed, IKA Works shall charge 0.5% of the value of the Goods for shipping insurance or 2% for easily breakable accessories. Transport damage shall be reported to IKA Works within 8 days, enclosing a record of the statement of the facts by the relevant shipping agency; this shall be a precondition for recognition of the damage. Similarly, incomplete shipments shall be reported to IKA Works within 8 days; this shall be a precondition for recognition of the incomplete shipment. Shipments intended for export shall only be insured at the express instruction of the Purchaser and at the Purchaser's expense.

7.4. If the shipment is delayed or does not take place due to circumstances for which the Purchaser is responsible, the risk of loss shall pass to the Purchaser from the date on which the shipment is ready for dispatch; however, IKA Works shall be obliged to effect the insurances requested by the Purchaser at the latter's request and expense.

8. RETENTION OF TITLE

8.1. IKA Works shall retain title to all Goods, and title to such Goods shall not pass to the Purchaser, until IKA Works' receipt of payment in full for such Goods. If such Goods are not paid in full, within 90 days after the due date, IKA Works shall have the authority to remove the Goods from the Purchaser's premises (or such other location where they are located, stored or being used).

Purchaser acknowledges and agrees that IKA Works shall have the right to file a lien against the Purchaser 's property or equipment until all invoices are paid in full.

8.2. The purchaser shall be entitled to sell, process, combine or install or uninstall the Goods in the ordinary course of business (Goods subject to retention of title), but not to pledge or assign such Goods as security. In case of deterioration of the Purchaser's financial circumstances, IKA Works shall be entitled to prohibit the sale, the processing, the combination or the installation or uninstallation of the unpaid Goods.

8.3. Resale shall only be permitted on condition that the Purchaser (reseller) expressly provides that ownership shall not pass to Purchaser's customer until Purchaser has fully met its payment obligations in respect of the Goods subject to retention of title. The Purchaser hereby assigns to IKA Works all claims resulting from the resale or from the mounting or installation up to the amount of the claim of IKA Works.

8.4. The Purchaser shall be authorized to collect any claims assigned to IKA Works pursuant to Section 8.3; provided, that the authorization to collect shall automatically terminate upon written notice from IKA Works to Purchaser in the event of a delay in payment or in the event of a significant deterioration in the Purchaser's financial circumstances. In such cases, IKA Works shall be entitled to inform the customers of the assignment and to collect the claims itself. In order to assert the assigned claims, the Purchaser shall provide the necessary information and permit the verification of this information. In particular, Purchaser shall deliver to IKA Works, upon request, a detailed list of the claims arisen, including the names and addresses of his customers, amount of the individual claims, invoice date etc. and to allow access to his business premises for inspection.

8.5. If the Goods subject to retention of title are combined or mixed by the Purchaser to form a new item, this shall be done on behalf of IKA Works without any obligation on the part of IKA Works. If items are combined or mixed with items not owned by IKA Works, IKA Works shall acquire co-ownership of the new item, the value of which shall correspond to the proportion of the invoice value of the Goods subject to retention of title in relation to the total value of the item.

8.6. The Purchaser agrees to immediately notify IKA Works in writing in the event Purchaser is unable or ceases to pay its obligations when they become due, a material deterioration of Purchaser's financial condition, or in the event any of the Goods are seized by Purchaser's creditors. Attaching creditors shall be named including such creditor's address. The Purchaser shall bear all costs incurred to reverse the seizure of the Goods by attaching creditors and to recover the Goods.

8.7. If the Purchaser fails to pay any invoice in full, becomes unable to pay or suspends payment of its debts as they become due, if the Purchaser's financial condition materially deteriorates, if a court issues an order appointing a receiver, custodian or administrator over all or part of Purchaser's assets, or files a petition in bankruptcy or seeks relief under any bankruptcy, reorganization, insolvency, dissolution, liquidation or similar law of any jurisdiction, then IKA Works shall be entitled to request the return of the Goods subject to retention of title. The claim for return shall constitute a withdrawal from the Contract. In such cases, setting a deadline for performance shall not be necessary. IKA Works reserves the right to claim damages even in the event of withdrawal.

8.8. The purchaser shall store the Goods subject to retention of title for IKA Works free of charge and shall not be entitled to a warehouseman's lien. The Purchaser shall insure the Goods against usual risks such as fire, vandalism, theft, water damage and against transport damage for an appropriate amount. The Purchaser hereby assigns its claims for damages against third parties of the aforementioned kind in the amount of the invoice value of the Goods to IKA Works.

9. WARRANTY

9.1. In the event of defects in any Goods that are not material in nature, the Purchaser shall not be entitled to claim damages and shall not have the right to withdraw from the contract.

9.2. The Purchaser shall inspect the delivered Goods upon receipt and promptly (and in any event no later than seven days following receipt of the Goods) notify IKA Works in writing of any visible defects, shortages or quality deviations. Any defects which are not reasonably apparent upon inspection shall be reported promptly upon discovery, and in any event no later than seven days after discovery of such defect. The foregoing notice periods shall apply in all cases, including deliveries of the Goods to the Purchaser and in the case of direct deliveries to third parties identified by the Purchaser. If any customer of the Purchaser gives notice of defects to the Purchaser, the Purchaser shall immediately forward such notice of defects to IKA Works. If the purchaser intends to install, attach or further process the Goods delivered by IKA Works, the Purchaser shall inspect the Goods for defects before installation or attachment or further processing. If the Purchaser discovers any defects in the Goods, the Purchaser agrees not to sell, process, install or mount the Goods until an agreement has been reached on the settlement of the warranty claim. The Purchaser shall make any Goods that are subject to a warranty claim available to IKA Works and shall give IKA Works a reasonable opportunity to inspect such Goods in order to establish whether a warranty claim exists. If the Purchaser fails to make the Goods available to IKA Works, then any warranty claim shall be null and void.

9.3. If Purchaser complies in full with all of its obligations under these Terms and Conditions, including but not limited to payment in full in respect of the Goods, providing timely notice of a defect and providing IKA Works the opportunity to inspect the Goods in accordance with Section 9.2, then IKA Works shall at its option repair or replace any Goods that IKA Works determines in its sole discretion to be defective, or, if in IKA Works' judgment, repair or replacement would be commercially impracticable, IKA Works shall issue a refund or credit in the amount of the price attributable to the defective Goods.

9.4. If the purchaser has installed defective Goods in accordance with their nature and intended use, or has attached them to another object, the Purchaser shall grant IKA Works the option to remove the defective Goods and to install or attach the repaired or newly delivered Goods. This shall not apply in cases in which the Purchaser's customer rejects this option – which the customer shall prove to IKA Works – or if the Purchaser's customer is a consumer.

9.5. In order to assure a valid warranty with respect to each Good, the Purchaser or the Purchaser's ultimate end user customer must, within ninety (90) days after the date of purchase, register the Goods at www.ika.com/register.

9.6. The warranties set forth in this Section 9 shall be valid during the following periods:

- a) one (1) year from the date of purchase for calorimeters and pipettes, which period may be extended for an additional one (1) year period during registration;
- b) five (5) years from the date of registration for any rotary evaporator or KS 4000 incubator shaker; and
- c) two (2) years from the date of purchase for any other Goods, which period may be extended for an additional one (1) year period during registration.

9.7. THE WARRANTIES IN THIS SECTION 9 ARE EXCLUSIVE, ARE MADE ONLY TO PURCHASER AND DO NOT COVER THE EFFECTS OF ABRASION, CORROSION, EXPLOSION, EROSION OR CHEMICALS, OR OTHER DETERIOATION OR DEGREDDATION OF THE GOODS OR PARTS THEREOF DUE TO THE PHYSICAL ENVIRONMENT WHERE THE GOODS ARE LOCATED. EXCEPT

AS EXPRESSLY SET FORTH IN THIS SECTION 9, IKA WORKS SPECIFICALLY DISCLAIMS ANY AND ALL REPRESENTATIONS AND WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY IKA WORKS OR ITS EMPLOYEES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY.

9.8. The warranties in this Section 9 constitute IKA Works' entire and exclusive liability for any claim or damages for breach of warranty in connection with the Goods.

10. LIMITATION OF LIABILITY

10.1. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THE CONTRACT OR ANY OTHER AGREEMENT TO WHICH THESE TERMS AND CONDITIONS APPLY, OR IN ANY OTHER DOCUMENT OR AGREEMENT RELATED TO THE PROVISION OF THE GOODS AND SERVICES BY IKA WORKS, IN NO EVENT SHALL (A) IKA WORKS BE LIABLE TO THE PURCHASER IN CONTRACT, TORT, STRICT LIABILITY OR ON ANY OTHER BASIS, FOR ANY INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES OF ANY NATURE, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS OR REVENUES, LOSS OF CUSTOMER GOODWILL, BUSINESS INTERRUPTION COSTS, OVERHEAD COSTS, LOST PROFITS, COSTS OF CAPITAL, OR LOSS OF USE OF MONEY OR (B) IKA WORK'S LIABILITY TO THE PURCHASER (OR ANY OTHER PERSON OR ENTITY) UNDER THE CONTRACT OR ANY OTHER AGREEMENT TO WHICH THESE TERMS AND CONDITIONS APPLY, OR IN ANY OTHER DOCUMENT OR AGREEMENT RELATED TO THE PROVISION OF THE GOODS AND SERVICES BY IKA WORKS EXCEED THE TOTAL AMOUNT ACTUALLY PAID BY THE PURCHASER TO IKA WORKS FOR THE GOODS OR SERVICES GIVING RISE TO SUCH LIABILITY.

10.2. Any action for breach of contract or warranty, strict liability or based on negligence must be commenced within one (1) year after the action has accrued and recovery therefrom shall be limited as set forth herein.

11. RETURNS

11.1. In the event it is necessary to return any Goods to IKA Works, the Purchaser must follow the procedure outlined in this Section 11. Goods are not returnable unless authorized by IKA Works in accordance with the terms of this Section. Request for permission to return any Good must be made in writing to IKA Works within 60 days from the date of shipment of such Good. A Return Materials Authorization ("RMA") number, supplied by IKA Works, must accompany the return shipment, and the Purchaser must provide the original IKA Works invoice number with the RMA. Any returned Good must be in an excellent, resalable condition and packaged in the original container. Each returned Goodwill be inspected upon return and any service or repair needed to place such Good in first class, resalable condition will be charged and added to the restocking charge described below. Each returned Good must be received by IKA Works within 30 days of issuance of the applicable RMA.

11.2. Any return due to an error by IKA Works will receive credit in full. All other returns are subject to a minimum of 15% restocking charge within the return period. No deductions can be made without an official credit memo issued by IKA Works.

11.3. All authorized returns may be sent back to IKA Works via a carrier of your choice with the return shipping charges prepaid by the Purchaser and must reference IKA Works' return authorization number. If any Goods are being returned from a country outside the United States, IKA Works will not be responsible for any brokerage fees that may be incurred regardless of the reason for return.

11.4. Unauthorized returns will be refused. Any Good returned without proper authorization from IKA Works will, at the sole option of IKA Works, be returned to the Purchaser freight collect, or scrapped immediately with no issuance of credit. Unauthorized material included in an otherwise authorized return will not be credited. IKA Works may dispose of this material in its sole discretion.

12. SPECIAL TERMS AND CONDITIONS FOR THE PROVISION OF SOFTWARE (FIRMWARE)

12.1. If IKA Works provides the Purchaser with software („firmware“) as part of any good or service supplied by IKA Works, the Purchaser shall receive a limited, non-exclusive and non-transferable (except as set forth herein) right to use such software. The purchaser may only use the firmware within the scope of its intended use and exclusively together with the device on which the firmware has been installed, use it or pass it on to third parties. The use of the firmware in combination with another device or on several devices shall require the prior written consent of IKA Works.

12.2. The Purchaser shall not be entitled to, and hereby expressly agrees not to, edit, redesign, reverse engineer, translate, extract parts or combine the software with other programs. The Purchaser may neither change nor remove the manufacturer's information and property right notices in connection with the firmware – in particular copyright notices.

12.3. The firmware shall be provided to the Purchaser exclusively as a machine-readable code; there shall be no claim to the provision of the source code. Since the firmware is not an application software, user documentation is not required and is not usually supplied by IKA Works.

12.4. Where the firmware contains open source software, the open-source license conditions applicable to the software, which IKA Works shall make available to the Purchaser upon request, shall apply to the provision and use of the firmware over and above the conditions of this Section 12.

12.5. The firmware represents intellectual property of IKA Works and shall be subject to the confidentiality provisions of Section 13.

12.6. The provision of the firmware shall not include any obligation for IKA Works to provide maintenance or service related to the firmware, which will only be provided pursuant to a separate agreement between IKA Works and the Purchaser. Defects in the firmware shall be remedied by IKA Works within the scope of the warranty in accordance with Section 9; this may also take the form of the provision of an update. If IKA Works provides the Purchaser with an update of the firmware without a defect and without incurring a fee for this, e.g., within the scope of a service case related to the delivered device, such an update shall not be subject to the warranty obligations of IKA Works.

13. CONFIDENTIALITY

All pricing, drawings, plans, disclosures, specifications, patterns or technical or business information furnished at any time to the Purchaser by IKA Works shall remain the sole property of IKA Works. The Purchaser shall hold all such information in strict confidence, shall not use or divulge to any person or entity any such confidential information, and any and all copies of such confidential information shall be returned to IKA Works promptly upon IKA Works' request.

14. JURISDICTION AND APPLICABLE LAW

14.1. PURCHASER HEREBY CONSENTS TO THE EXCLUSIVE JURISDICTION OF ANY STATE COURT LOCATED WITHIN NEW HANOVER COUNTY, NORTH CAROLINA, OR ANY FEDERAL COURT LOCATED IN THE STATE OF NORTH CAROLINA NOTHING IN THESE TERMS AND CONDITIONS AFFECTS THE RIGHT OF IKA WORKS TO BRING ANY ACTION OR PROCEEDING AGAINST PURCHASER IN THE COURTS OF ANY OTHER JURISDICTION THAT HAS

JURISDICTION OVER PURCHASER. TO THE EXTENT PERMITTED BY LAW, PURCHASER WAIVES TRIAL BY JURY AND WAIVES ANY OBJECTION THAT IT MAY HAVE BASED ON LACK OF JURISDICTION, IMPROPER VENUE OR FORUM NON CONVENIENS TO THE CONDUCT OF ANY PROCEEDING ARISING OUT OF OR IN CONNECTION WITH THESE TERMS AND CONDITIONS OR ANY CONTRACT, PURCHASE ORDER OR OTHER AGREEMENT TO WHICH THEY APPLY.

14.2. The Contract, together with all rights and obligations in respect of the Contract or otherwise arising out of deliveries of Goods and services by IKA Works and any action arising out of or in connection therewith shall be governed by and construed in accordance with the laws of the State of North Carolina, including the Uniform Commercial Code as adopted in the State of North Carolina, without regard to conflict of laws principles. The Contract shall be deemed entered into in the State of North Carolina. The United Nations Convention on Contracts for the International Sale of Goods (CISG) shall not apply.

14.3. The Purchaser agrees to pay all reasonable attorney fees and legal costs incurred or paid by IKA Works in connection with any suit, action or proceeding to collect any amounts owed to IKA Works under the Contract.

15. MISCELLANEOUS

15.1. The Contract is binding upon, and shall inure to the benefit of, the Purchaser, IKA Works and their successors and permitted assigns. The Purchaser may not assign all or any portion of its rights or obligations hereunder without the prior written consent of IKA Works. IKA Works may assign, delegate or subcontract an order or any of its obligations under these Terms, in whole or in part, without the Purchaser's consent.

15.2. The entire agreement of IKA Works and the Purchaser is expressed exclusively in the terms, covenants and conditions set forth in the Contract. No agent, representative or employee of IKA Works has authority to agree, represent or warrant otherwise, except IKA Works' officers, and then only in writing. These Terms and Conditions supersede all other written or oral agreements between the parties. IKA Works and the Purchaser may modify these Terms and Conditions only by an express written agreement signed by both parties.

15.3. The relationship between the parties is that of independent contractors. Nothing contained in this Agreement shall be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment or fiduciary relationship between the parties, and neither party shall have authority to contract for or bind the other party in any manner whatsoever.

15.4. Any part of these Terms and Conditions held to be invalid or unenforceable by a tribunal of competent jurisdiction shall be deemed ineffective to the extent thereof without affecting the validity or enforceability of any other part of these Terms and Conditions.

15.5. IKA Works' waiver of any breach of any provision contained in these Terms and Conditions will not waive any other breach by the Purchaser. IKA Works' delay or failure to enforce its rights under these Terms and Conditions shall not be deemed a waiver of such rights.

15.6. Provisions of these Terms and Conditions that by their nature should apply beyond any expiration or termination of these Terms and Conditions shall remain in force after any termination or expiration of these Terms and Conditions.

16. COMPLIANCE WITH LAWS

16.1. Purchaser agrees to comply with all applicable laws, regulations, and orders of the United States, Germany, the European Union, United Kingdom and any other relevant jurisdictions, including related to export, sanctions, anti-terrorism, anti-money laundering and anti-corruption.

16.2. The Goods, and related software, if any, may be controlled by the U.S. or other applicable governments and may not be resold, transferred, or otherwise disposed of, to any country or to any person either in their original form or after being incorporated into other items, without first obtaining approval from the U.S. or other applicable government or as otherwise authorized by U.S. or other applicable laws and regulations. Purchaser shall not, directly or indirectly, export, re-export, transfer, or release any products, services, software, technology, or technical data provided under this agreement to: (a) any individual or entity located in a country or region subject to U.S. or other applicable government sanctions; (b) any person or entity listed on the U.S. or other applicable government's prohibited or restricted party lists, including but not limited to the Entity List, Denied Persons List, or Specially Designated Nationals (SDN) List; or (c) for any use related to weapons proliferation or other prohibited activities, in violation of any applicable export control and sanctions laws.

16.3. Upon request, Purchaser agrees to provide documentation, certifications, or other information reasonably required by IKA Works to ensure compliance with applicable laws. IKA Works reserves the right to terminate this agreement immediately if it determines necessary to ensure compliance with applicable laws, and Purchaser will not claim breach of this Agreement and will hold IKA Works harmless for any damages related to such termination.

16.4. Purchaser agrees to indemnify, defend, and hold harmless IKA Works from and against any claims, damages, penalties, or costs arising from Purchaser's failure to comply with this clause.

INQUIRIES: All inquiries for information regarding this solicitation should be directed to Levi Henry, Phone: (540) 231-7852 e-mail: lhenry29@vt.edu. All inquiries will be answered in the form of an addendum. Inquiries must be submitted by 3:00 PM on April 24, 2026. Inquiries must be submitted to the procurement officer identified in this solicitation.

PROPOSAL SUBMISSION:

***Please note, proposal submission procedures have changed effective March 2023.**

Proposals may NOT be hand delivered to the Procurement Office.

Proposals should be submitted electronically through Virginia Tech's procurement portal. This portal allows you access to view business opportunities and submit bids and proposals to Virginia Tech digitally and securely.

Proposals must be submitted electronically at:

<https://bids.scquest.com/apps/Router/PublicEvent?CustomerOrg=VATech>

Vendors will need to register through this procurement portal, hosted by Jaggaer. It is encouraged for all vendors to register prior to the proposal submission deadline to avoid late submissions. Registration is easy and free. If you have any challenges with the registration process, please contact Jaggaer Support at 1-800-233-1121 or procurement@vt.edu.

Click on the opportunity and log in to your vendor account to begin preparing your submission. Upon completion, you will receive a submission receipt email confirmation. Virginia Tech will not confirm receipt of proposals. It is the responsibility of the offeror to make sure their proposal is delivered on time.

Hard copy or email proposals will not be accepted. Late proposals will not be accepted, nor will additional time be granted to any individual Vendor.

Attachments must be smaller than 50MB in order to be received by the University.

In compliance with this Request For Proposal and to all the conditions imposed therein and hereby incorporated by reference, the undersigned offers and agrees to furnish the goods or services in accordance with the attached signed proposal and as mutually agreed upon by subsequent negotiation.

AUTHORIZED SIGNATURE: James McKean Date: 5/4/2026

11. RETURNS

11.1. In the event it is necessary to return any Goods to IKA Works, the Purchaser must follow the procedure outlined in this Section 11. Goods are not returnable unless authorized by IKA Works in accordance with the terms of this Section. Request for permission to return any Good must be made in writing to IKA Works within 60 days from the date of shipment of such Good. A Return Materials Authorization (“RMA”) number, supplied by IKA Works, must accompany the return shipment, and the Purchaser must provide the original IKA Works invoice number with the RMA. Any returned Good must be in an excellent, resalable condition and packaged in the original container. Each returned Goodwill be inspected upon return and any service or repair needed to place such Good in first class, resalable condition will be charged and added to the restocking charge described below. Each returned Good must be received by IKA Works within 30 days of issuance of the applicable RMA.

11.2. Any return due to an error by IKA Works will receive credit in full. All other returns are subject to a minimum of 15% restocking charge within the return period. No deductions can be made without an official credit memo issued by IKA Works.

11.3. All authorized returns may be sent back to IKA Works via a carrier of your choice with the return shipping charges prepaid by the Purchaser and must reference IKA Works’ return authorization number. If any Goods are being returned from a country outside the United States, IKA Works will not be responsible for any brokerage fees that may be incurred regardless of the reason for return.

11.4. Unauthorized returns will be refused. Any Good returned without proper authorization from IKA Works will, at the sole option of IKA Works, be returned to the Purchaser freight collect, or scrapped immediately with no issuance of credit. Unauthorized material included in an otherwise authorized return will not be credited. IKA Works may dispose of this material in its sole discretion.
